

55. Use of Dummies in Nursery

EYFS: 1.1-1.6

At St Catherine's Independent Nursery we recognise that a dummy can be a source of comfort for a child who is settling and/or upset, and that it may often form part of a child's sleep routine.

We also recognise that overuse of dummies may affect a child's language development as it may restrict the mouth movements needed for speech.

Our nursery will:

- Only allow dummies for comfort if a child is really upset (for example, if they are new to the setting or going through a transition) and/or as part of their sleep routine
- Dummies will be disposed of if they become damaged and/or when they are required to be disposed of.

When discouraging the dummy staff will:

- Make each child aware of a designated place where the dummy is stored
- Comfort the child and, if age/stage appropriate, explain in a sensitive and appropriate manner why they do not need their dummy
- Distract the child with other activities and ensure they are settled before leaving them to play
- Offer other methods of comfort such as a toy, teddy or blanket
- Explain to the child they can have their dummy when they go home or at sleep time.

We will also offer support and advice to parents to discourage dummy use during waking hours at home and suggest ways which the child can be weaned off their dummy through books and stories (when appropriate).
